WS SERIES

PROFILER

SP WS 101

Carrello con PC per uso in officina, con accesso diretto ai dati del cliente e ai valori di misura. Il software opera su Windows.

Workshop PC on trolley with direct access to customer data and measurement values. The software runs on any Windows based system.

SP WS 102

Kit per il collegamento al Gestionale dell'officina. Include un pannello elettrico contenente il PC.

Kit to be connected to the workshop's system. Includes one electrical box complete with PC to be connected to the existing workshop PC.

OPTIONS

SWS102A2 (→ SP WS101 - WS102)

Kit semaforo e telecamera per riconoscimento targhe.

Traffic light and camera for automatic plate recognition.

QUICK INSPECTION

I rilevatori e i target anteriori vengono messi in posizione
 - in pochi secondi vengono misurate la convergenza totale e le campanature anteriori.

*Front targets and measuring heads are positioned
 - in just few seconds total toe and front camber are displayed.*

I supporti vengono posizionati in zona accettazione.

Quick control stands are placed in the reception area.
